FUNCTIONS

FLEXIBLE AND FOLDABLE
Foldex tabletops can be easily folded and locked, making the desk extremely space efficient when stored.

EASY TO HANDLE WITH LOCKABLE CASTORS
The underframe has four sturdy castors so the desk can be moved easily or put away when not in use. The castors are locked with a simple push of the foot.

SPACE SAVING LEGS
The smart asymmetric leg design means that Foldex tables can be tightly nestled together when not in use, which saves a lot of space during storage
