2.3

The **Better Effect Index**

The Better Effect Index is Kinnarps' way of simplifying and clarifying sustainability work in interior design projects.

This is the product's sustainability grade, based on six different areas and twelve different indicators.

[Kinnarps.com/about-kinnarps/the-better-effect-index/](https://kinnarps.com/about-kinnarps/the-better-effect-index/)

THE ERGONOMICS IS IN THE DETAILS

- Choose between two different ways of active seating mechanisms: Plus 6 FreeFloat or Plus 8 Synchrone.
- Available in designs that meet the needs in a variety of work situations – from office and meetings to special- and production environments.
- Backrest in two different heights.
- Many options for creating your personal chair, for example adjustable ergonomic armrests and anatomical headrest.
- Customize your Plus task chair with the numerous textiles from Kinnarps Colour Studio and contrasting seams.
- Possibility to add your own company logo.

PLUS 6/8

The Plus task chair is available with two different mechanisms for active seating: FreeFloat and Synchrone. Plus 6 with FreeFloat or Plus 8 with Synchrone.

PLUS 6 FREEFLOAT

PLUS 8 SYNCHROME

FreeFloat is a tilting mechanism that encourages movement for an optimal ergonomic working posture. The seat and the backrest of the chair follow the body's movements independently of each other. The seat can be tilted forward and the chair's resistance is automatically adapted to your body weight. Adjustable seat depth, sitting height and backrest.

Synchrone is a tilt function that allows the seat and back of the chair to move in a carefully balanced relationship, with a smooth pattern of movement, for users seeking activity with a sense of control. This version of the Plus task chair offers manual resistance adjustment and a seat that can be tilted forward and locked in any position. Adjustable seat depth, sitting height and backrest.

FUNCTIONS AND OPTIONS

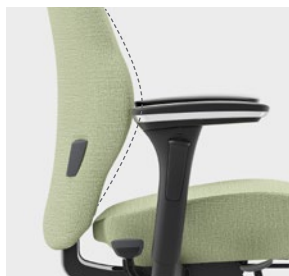

PLUS 6 FREEFLOAT

Tilting mechanism that encourages movement for an ergonomic working posture. Seat and backrest of the chair follow the body's movements independently of each other.

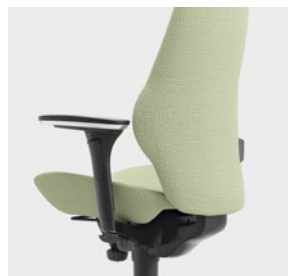

PLUS 8 SYNCRONE

Tilting function that allows the seat and back of the chair to move in a balanced relationship.

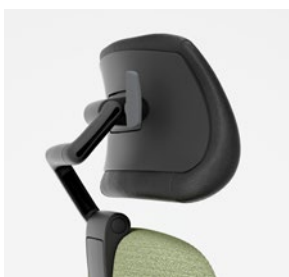

ADJUSTABLE LUMBAR SUPPORT

Enables individual fit for the lower back, mechanism placed at the back of the chair.

SAFEBACK

After unlocking the backrest from reclining position, the Safe-back function ensures a safe and smooth return to the normal upright position.

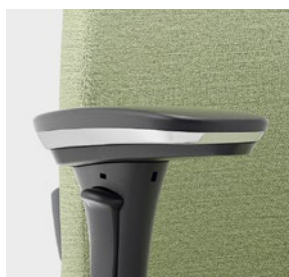

HEADREST

Articulated headrest, capable of independent movement, vertically adjustable. Angle can be changed forwards and backwards.

ARMREST 2

Adjustable width and height with soft padding on the upper side, ensures a comfortable position for arms and shoulders.

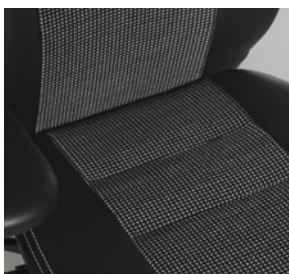

ARMREST 4

Covered with extra soft comfortable surface and domed for maximum support and pressure relief, without locking the arm in a fixed position. Adjustable in terms of depth and angle to the body.

LOGO

Opportunity to customize with your own company logo.

MOTIF

Characteristic seams across the seat and back, piping all around. Comfort is enhanced by extra padding and softer seating.

CONTOUR

Needlework with black, white or silver grey threads sewn into the piping (applies to chairs upholstered in leather or the Comfort fabric).

CASTORS SOFT OR HARD FLOORING

They roll easily when loaded and brake slightly when the chair is unloaded.

FOOTRING

Chairs with the higher gas springs can be fitted with a black footring to take the pressure off your legs and feet. It is variably height adjustable.

EXTENDED GASSPRINGS

Two gas springs offering additional height (KGAS80 – 190 mm and KGSA190 – 270 mm) are available as options.

FIVE-STAR BASE

The 5-star base is ergonomically designed with well-marked support for the feet. By resting your feet on the star base, you take the pressure off the back of your thighs to create a restful position. Available in black, silver and polished aluminum.

GLIDES

Glides to replace castors when used as counterchair with gas-spring 270 mm.

KINNARPS COLOUR STUDIO

Kinnarps Colour Studio is our collection of materials that gives you hundreds of sustainable, creative and attractive materials, colours and patterns.
