

Creative wall-mounted sound absorbers

Oktav is an effective, eye-catching wall-mounted sound absorber. The wall-mounted absorbers contribute to a good sound environment, as they have excellent acoustic properties and meet the requirements of sound absorption Class A. Their well thought-out, creative design makes it possible to mix and match patterns and colours for a striking effect. A solution that suits many different types of environments. Oktav is also a sustainable alternative. The sound-absorbing material in the wall-mounted screens consists of our innovative Re:fill material, which is made of recycled PET plastic and reclaimed fabric waste from our own manufacturing. To make mounting as easy as possible, the screens come with a well-designed suspension bracket that optimises absorption options and creates a floating impression. Choose from selected fabrics in our Kinnarps Colour Studio to personalise the look.

Functions & options

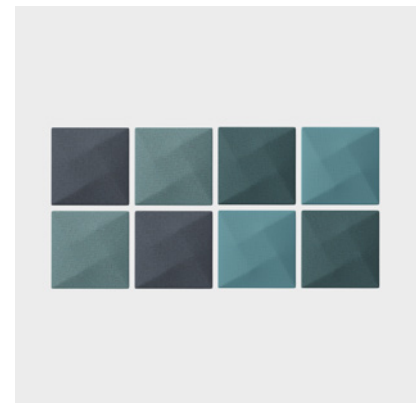

HIGH SOUND ABSORPTION

Oktav sound absorbers contribute to a good acoustic environment, as they have excellent acoustic properties, and when mounted they create optimal sound absorption and a floating impression.

CREATIVE EXPRESSIONS

The carefully considered, creative designs of the screens make it possible to create striking patterns with different fabrics and colours.

EASY TO MOVE

If your needs change, the bracket supplied makes it easy to move and reposition the screens.

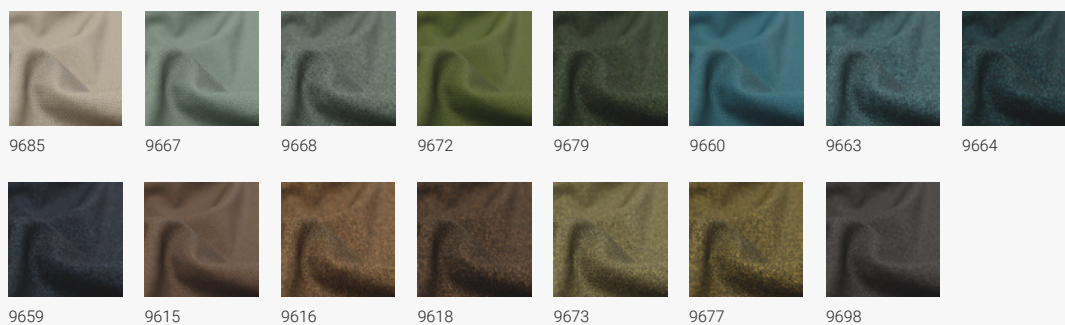

Colours and materials

Kinnarps Colour Studio (KCS) is our collection of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. A well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.

For more information about colours and materials, please visit kinnarps.com/kcs.

Selected fabrics for Oktav The fabrics below have been selected to be combined with fabrics and materials used for other interior design through Kinnarps Colour Studio.
