

## The screen series with infinite potential

The versatile Vibe range consists of numerous partition, wall, ceiling and desk screens with a great many options. These screens help to ensure a healthy acoustic environment and privacy in offices, schools and other shared spaces. With a wide choice of sizes, colours and shapes, this range offers great flexibility. The large selection of screens means you can use the same range throughout your office.

The partition screens are available in freestanding and connectable versions, with or without castors. You can use the screens to create a single system, a room-in-room solution or simply as temporary room dividers. Many of the desktop screens can be installed quickly and easily with the unique Vibe clamp.

The screens are available in Vibe Light and Vibe Focus variants. Vibe Light provides screening and sound reduction by partly steering the sound in another direction. A slimmer screen that takes up minimal space in e.g. a bench solution. Vibe Focus offers high sound absorption, and reduces the overall noise level throughout the room, while screening off the desk. Vibe combines high quality with a design that stands the test of time. This makes it possible to reuse this product in new interior design solutions when refurbishing or moving. It's also easy to renew the product, as the upholstery can be replaced. Functional and well-designed accessories are available for all screens. Vibe is available in a wide range of fabrics and colours that make it easy to create personal and customised spaces.

# Vibe Focus ceiling-suspended screens

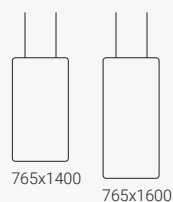

Sound-absorbing screen. Thickness 40 mm.

Vibe ceiling-suspended screens are a space-efficient way for you to improve the acoustics in your entire office. The ceiling screens can be suspended in different ways to create different looks in your office. They can also serve as dividers in different types of spaces. The acoustic properties of the screens enable you to create a pleasantly calm ambient noise level, even in open-plan offices. Ceiling-suspended screens are particularly suitable if space is limited, since they don't take up any floor or desk space.

## Functions & options

### FLYBY

Vibe FlyBy is available in different widths and can be placed at two different heights on the desk. Available as Vibe Light FlyBy and Vibe Focus FlyBy.

### ONTOP

Vibe OnTop desktop screen is available in different widths. Fasteners are purchased separately. Available as Vibe Light OnTop and Vibe Focus OnTop.

### CLAMP

Many of the desktop screens can be installed quickly and easily using this unique Vibe clamp.

### ANGLED EDGE

Choose a side screen with an angled edge for an inviting feel, with a soft, organic design. Available in Vibe Light and Vibe Focus variants.

### REMOVABLE UPHOLSTERY

The fabric-covered screens have a zip at the bottom so the fabric can be removed for washing or replacing as necessary.

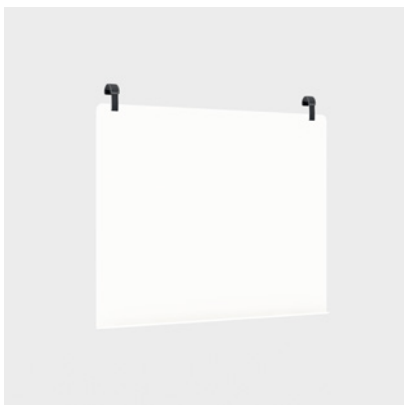

### MIRROR WITH HOOK

A mirror adds a pleasant sense of spaciousness around the desk. The strap is available in black, linen and leather.

### HOOK WITH STRAP

Hang up something you like or want to keep close at hand. The hook is available in different colours and the strap is available in black, linen and leather.

### NOTICEBOARD

A noticeboard transforms the partition or wall screen into a flexible meeting space for brainstorming. Available in several sizes. The 800x480 mm noticeboard has a narrow shelf for pens at the bottom.

### SMALL OR LARGE STORAGE BAG

Personalise your workplace and create simple storage with Vibe Storage Pockets. They come in two versions: a small storage bag with one large and two small compartments, and a large storage bag with four spacious compartments.

### TUBE

Connectable tubing for Vibe partition screens offers you unique flexibility. You can quickly create new spaces or room-in-room solutions with your partition screens. Vibe Tubes are available in white, cream beige, black, dark grey and silver. You can choose between a low metal foot, with or without castors, or a round metal foot in white, cream beige, black, dark grey and silver, and freestanding stabiliser foot or Tube stabiliser foot.

### HIGH WOODEN LEGS

Match with your desk or create a new look. You can choose between birch, oak, white, black and white-pigmented ash.

### LOW WOODEN LEGS

Match with your desk or create a new look. You can choose between birch, oak, white, black and white-pigmented ash.

### METAL FOOT

You can choose metal legs, with or without castors. Available in white, cream beige, black, dark grey and silver. Castors provide additional flexibility and enable you to easily move screens for spontaneous meetings or solo work.

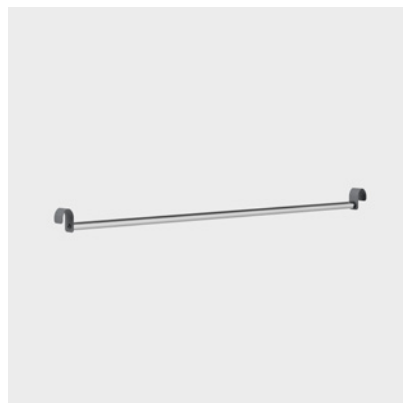

### STEEL LEGS

Choose between white, black, dark grey and silver.

### SHELVES

Create a pleasant space with shelves. Available in sizes 700x150 mm and 1100x150 mm. For Vibe wall-mounted screens and booths.

### CLOTHES RACK

Combined with Vibe Booth, you can easily create clothes storage with a wardrobe rack. The rack is available in chrome. The hooks are available in different colours.

### ROOM DIVIDER WITH SHELVES

Freestanding or connectable room divider. Metal: white, cream beige, black, dark grey and silver. Shelves: Available in a wide choice of woods and colours. Maximum load for shelves 5 kg.

# Colours & materials

Kinnarps Colour Studio (KCS) is our range of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. A well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.

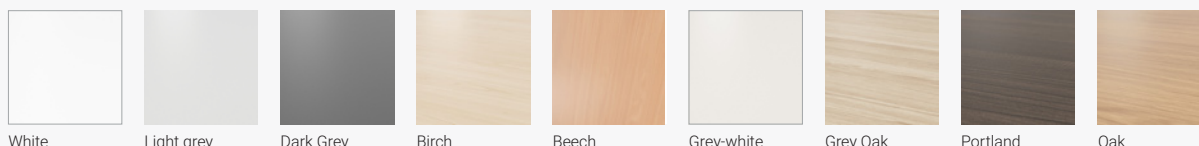

**Upholstery** Available in selected fabrics and colours from nine different collections: Cura Screen, Renewed Loop, Cara, Carlow, Xpress, Radio, Twist Melange, Fenice and Livia.

**Legs** Metal foot in different colours. See below.  
Wooden legs in white, black, birch, oak and white-pigmented ash.

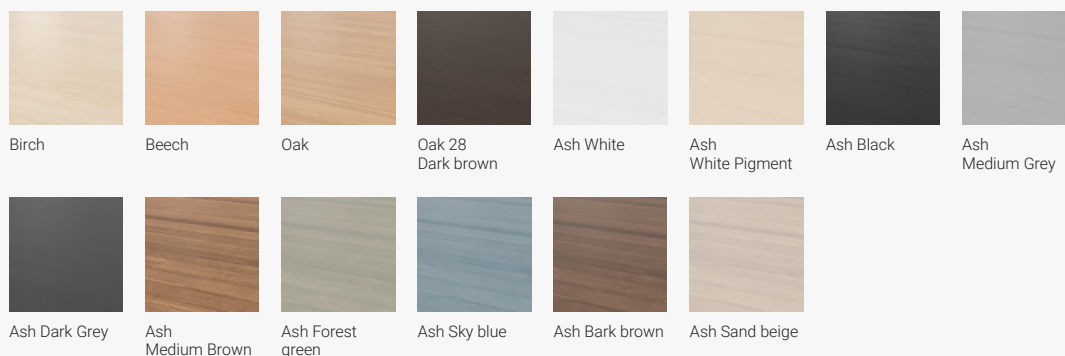

**Shelf** Available in veneer or laminate. See below.
